

# Quality

Quality Management is an integral part of our business process

## Quality is the Key

In addition to meeting industry regulation and standards, flow metering systems must also comply with contractual and statutory requirements. Quality in design and manufacture are the foundation to achieving compliance.

With our wealth of experience, we ensure that quality is the key that secures your flow metering systems. The SGC Quality Management System complements our business and provides the most logical direction to a quality solution.

Certificate Number - FS34965

## Standards

SGC Metering is registered and approved by the British Standards Institute, BSI. We operate a Quality Management System in accordance with the requirements of BS EN ISO 9001:2000 – Tick-IT.

Certificate Number - FS34965
